II. MANNER AND MEANS OF THE CONSPIRACY

The foregoing objects of the conspiracy were to be accomplished in the following manner and means by the above-listed defendants and others at various times during the course of the conspiracy:

publicly named and described by certain of the defendants and others as the Earth Liberation Front (ELF), the Animal Liberation Front (ALF), and other names.

2. The general purposes of the conspiracy were to influence and affect the conduct of government, commerce, private business and others in the civilian population by means of force, violence, sabotage, mass destruction, intimidation and coercion, and by similar means to retaliate against the conduct of government, commerce and private business. To achieve these purposes, the conspirators committed and attempted to commit acts dangerous to human life and property that constituted violations of the criminal laws of the United States and of individual states.

3. Certain of the defendants and others targeted for arson buildings, vehicles and other real and personal property owned, possessed, and leased by the United States and its departments and agencies.

4. Certain of the defendants and others targeted for arson buildings, vehicles and other real and personal property used in interstate commerce and in activities affecting interstate commerce.

6. Certain of the defendants and others conducted and participated in meetings to plan arsons and other damage of the targeted sites. Several of these meetings were called "Book Club" meetings by the defendants and others and occurred at distant locations. The "Book Club" meetings covered subjects such as lock-picking, computer security, encrypted messaging,

reconnaissance of targets, and manufacture of timing devices to initiate improvised incendiary devices.

7. Certain of the defendants and others conducted research and surveillance of sites targeted for arson and other damage.

8. In discussing their actions among themselves, certain of the defendants and others used code words, code names, and nicknames.

9. Certain of the defendants and others designed and constructed destructive devices which functioned as incendiary bombs to ignite fires and destroy the targets.

10. Certain of the defendants and others provided transportation to the sites targeted for arson and other damage.

11. Certain of the defendants and others dressed in dark clothing, wore masks and gloves and otherwise disguised their appearance.

12. Certain of the defendants and others acted as "lookouts" to ensure secrecy as the crimes were carried out.

13. Certain of the defendants and others placed destructive devices and accelerants at sites targeted for arson and ignited or attempted to ignite the devices and accelerants.

14. Certain of the defendants and others, by means of fire and explosives, maliciously damaged and destroyed, and attempted to damage and destroy, buildings, vehicles and other real and personal property owned and possessed by the United States and its departments and agencies.

damaged and destroyed, and attempted to damage and destroy, buildings, vehicles and other real and personal property used in interstate commerce and in activities affecting interstate commerce.

16. Certain of the defendants and another person willfully damaged and attempted to damage the property of an energy facility of the United States involved in the transmission and distribution of electricity, in an amount exceeding or which would have exceeded \$100,000.

17. In some of the arsons and attempted arsons, certain of the defendants and others painted messages on the walls of the targets, including "Earth Liberation Front," "ELF" and related names and statements concerning the purposes of the crimes.

18. After the arsons, attempted arsons and other crimes, certain of the defendants and others provided transportation away from the scenes of the crimes.

19. After the arsons, attempted arsons and other crimes, certain of the defendants and others destroyed, buried, hid and otherwise disposed of physical evidence used in the commission of the crimes.

20. After the arsons, certain of the defendants and others publicized and promoted the results of the fires by means of written press releases and communiques attributing the arsons to the Earth Liberation Front (ELF), the Animal Liberation Front (ALF) and related groups, and stating the purposes of the arsons.

21. Before, during and after the arsons, attempted arsons and other crimes, certain of the defendants and others agreed and took an oath among themselves never to reveal to law enforcement authorities or to anyone else outside "the Family" the identity of the conspirators and participants in the arsons, attempted arsons and other crimes.

22. Before, during and after the arsons, attempted arsons and other crimes, certain of the defendants and others agreed among themselves to conceal or destroy any evidence connecting them to the arsons, attempted arsons and other crimes.

23. Before, during and after the arsons, attempted arsons and other crimes, certain of the defendants and others possessed and/or used false identification documents in order to conceal their true identities.
